

8th August, 2026**TO WHOMSOEVER IT MAY CONCERN**

This is to formally certify that M/s. Prarochan Real Infra Private Limited, represented by Shri Rupesh Kadam, Chairman & Managing Director, has been associated with the Africa India Economic Foundation (AIEF) since 2020.

The Africa India Economic Foundation (AIEF) is an institutional platform established with the objective of strengthening and advancing economic, commercial, and institutional cooperation between India and African countries. AIEF facilitates and promotes knowledge exchange, technology collaboration, industry partnerships, trade, commerce, and investment between the private sectors and Micro, Small and Medium Enterprises (MSMEs) of India and Africa, with a strong and sustained emphasis on inclusive, sustainable economic and social development.

As part of its flagship initiatives, AIEF is undertaking the establishment of the prestigious Africa India Business Centre at Kharghar, Navi Mumbai, in collaboration with the Government of Maharashtra through CIDCO, with participation envisaged from all African countries and the African Union.

For this landmark initiative, AIEF has been allotted 20 acres, of which 15 acres have been reserved for future development, at Sector 33, CIDCO International Corporate Park, Kharghar, Navi Mumbai, for the development of the Africa India Business Centre and allied facilities. The proposed development envisages a 60-storey landmark tower, conceived as a premier institutional and business destination providing dedicated representation for each of the 54 African countries, thereby creating a significant platform for strengthening India–Africa economic and business relations.

During its association with AIEF, Prarochan Group has extended valuable support and made meaningful contributions towards our initiatives and objectives. We acknowledge and appreciate the Group's commitment to fostering business cooperation, economic engagement, trade and investment opportunities, and stronger institutional relationships between Africa and India.

Based on our association and experience, we are pleased to recognize and endorse Prarochan Group as a valued business associate and acknowledge its efforts and commitment towards advancing opportunities for collaboration, trade, investment, and sustainable development.

We are confident that Prarochan Group, under the leadership of Shri Rupesh Kadam, will continue to contribute meaningfully towards strengthening business and economic partnerships and creating new avenues of cooperation between India and Africa.

We extend our sincere best wishes to Prarochan Group, Shri Rupesh Kadam, and their entire team for continued growth, success, and distinction in their present and future endeavours.

This letter is issued as a formal business endorsement and acknowledgement of the association between Prarochan Group and the Africa India Economic Foundation, and in recognition of the Group's contribution towards our shared objectives.

Please accept our distinguished regards and best wishes.

For **Africa India Economic Foundation**

Dr. G. Rathinavelu
Co-Founder & Chairman
